Clore Candidate for Assessor-Collector

Lee R. Clore, widely known Cameron business man and Milam County citizen, announced today that he will be a candidate for the office of Assessor and Collector of Taxes for Milam County, subject to the Primary Election to be held on Saturday July 25, 1942.

Mr. Clore's announcement gave prominent development to the campaign year of 1942. Friends throughout the county were enthusiastic over his decision to run for this office and pledges of support from all sections and communities give his announcement more than usual significance and because of these endorsements and pledges of personal support, Mr. Clore takes the field in the lime light of wide favor and in making his announcement he expressed his gratitude and deep appreciation to the hundreds who have encouraged him in his ambition to serve the people in this office.

Mr. Clore was reared in Milam County. He has been engaged in business in Cameron for the past twenty three years and during that time he has been both prominent and a worthy representative of his chosen profession. He owns and operates a modern Tailoring plant in Cameron.

Mr. Clore is a veteran of World War. No. 1. He went to France with the 36th Division and served in the memorable, heroic campaigns of that famous division made up almost wholly of Texans. When his country called in 1917 he volunteered. Upon his return to the United States, and honorably discharged from the service, he entered business in Cameron.

During the intervening 24 years since the World War ended in 1918, Mr. Clore has played a prominent part in Civic and fraterial affairs in his community and county. He is a former Post Commander of Edwin Hardy Post No. 9, the American Legion, and he has also served in all of the minor offices of the Post. His influence has been large and has been beneficial to the Ligion in the district and state. Mr. Clore is a member of the Ben Milam Post, Veterans of Foregin Wars, and his activities in this organization have been as patriotically pronounced as in Legion circles.

Mr. Clore has two sons now in the service of the country, one in the Army, the other in the Air Corps, He is the father of four children, two

NEW SURVEY FOR MILITARY PORT HERE

A re-survey of the Cameron area with the view of establishing a military port will be made.

Leland Green, President of the Chamber of Commerce, received a telegram from Congressman Poage this morning in which the Congressman said he had just received assurances from General Harmon at Randolph Field that the survey will be made.

Mr. Green is awaiting further particulars from Congressman Poage but the telegram was received here with rejoicing, especially among those hard working business men who made such a determined effort to obtain an air port last year.

The Chamber of Commerce committee made an exhaustive study of facilities here and presented the government a prospectus which was complete in every detail, including a housing survey.

The City of Cameron offered to pay the cost of the site and a site was approved but some objection was raised on account of the water supply. This objection can be overcome.

It was not known whether an air port would be sought. Rather it may be that Cameron will now be considered for some kind of army camp, preferably a point for training large bodies of men.

Tractor Owners Invited to Meeting

Tractor owners, members of the National Farm Youth Foundation and others interested are invited by the Hefley-Stedman Motor Company to attend an educational meeting at the Yoe High School Gym, Thursday night at 7:30.

At that time a picture entitled "The Land" will be shown, together with films on fuel and lubrication.

As a special attraction a late film on the bombing of Pearl Harbor will also be shown. This picture shows U. S. troops in action and the actual bombing of the civilian population at Pearl Harbor.

Admission to the program is free and anyone interested is invited, H. H. Stedman, manager of the company, said.

Miss Janette McIntyre, student in State University, spent the week end here with her grand mother, Mrs. H. F. Smith, Sr., and aunt, Miss Aetna Smith.

Tom Hobson Writes From Western Waters; Was at Pearl Harbor

Tom Hobson with the fleet in Western waters writes to the people of Cameron. He is the son of Mrs. Tracy Hobson in Cameron and was in Pearl Harbor when the Japs attacked. The letter which is an follows was by Marine Mail and was censored:

Dear Mr. White:

"It has been suggested to us that we write our home town papers in order to prevent unnecessary mail being sent here and to let the people at home know that we're doing our job out here. Naturally we aren't allowed to give details of the attack, but I can say that our men made a wonderful stand to be caught unawares.

"I saw a former school mate of mine a few days after the raid, Robert Eickenhorst, who graduated from Yoe High in 1938 and he was unharmed at that time. I know that his friends will be glad to know that he is alright.

"All we ask of the people at home is that they "Keep 'em flying" and we'll "Keep em dying."

Sincerely,
TOM HOBSON.

Postoffice Runs Out Of Federal Stamps For Automobiles Here

Many automobile owners were without the Federal stamp today because the supply ran out and Postmaster J. R. Hays said he expected a new supply in by Wednesday or Thursday.

More than 3000 automobile stamps were sold out of the Cameron Post Office and it is believed the reason for this is that post offices in other parts of the county also ran short and many of the larger cities did not have enough of the stamps. Just why provisions was not made for these stamps in other communities is not known. The local office would have been able to have supplied local patrons, but for this condition.

Those who are operating their cars may have a hard time explaining why they have no stamps, but it is one of those things and nobody in particular to blame. The supply will be here as soon as they are sent out of Austin.

J. O. NEWTON FUNERAL IS HELD IN ROCKDALE

J. O. Newton, widely known Texan and Rockdale business man died at his home in that city Saturday night, January 31, 1942.

Funeral services were held in Rockdale Monday morning from the Phillips & Lucky funeral home with services at First Baptist Church. Two ministers, Rev. Askew and Rev. Strickland, conducted the services.

Mr. Newton was a brother of W. O. Newton, active vice president of the Citizens National Bank in Cameron and Lesser Newton, local representative of the Bryan Production Loan Association.

Long prominent in Texas affairs Newton was at one time Adjutant General of Texas under the administration of the late Governor Tom M. Campbell. General Newton served with distinction as head of the Texas Rangers and of the Texas National Guard.

Aflter the General retired from public life he returned to Milano where he resumed his business connections with the firm of J. B. Newton & Sons, old established firm. When the business dissolved he went to Rockdale and there took over Scarborough & Hicks Company. The Newton family has long been prominent in Milam county and Texas history.

Mr. Newton was 66 years of age.

He is survived by his widow, Mrs. James O Newton, three sons, Boswell Newton and Carter Newton of Rockdale and Charles Thomas Newton of Austin.

Surviving brothers are W. O. Newton and Lester Newton of Cameron.

Seven sisters survive as follows: Mrs. Byrne of Houston, Mrs. E. C. Smith of Sugarland, Mrs. M. Arrington of Granger, Mrs. Luella Elam of Waco, Mrs. Jack Cardwell of San Antonio, Mrs. Jim Baggett of Milano and Mrs. L. G. Butts of Thorndale.

Interment was made in the historic cemetery at Sandy Creek where the father and mother of the deceased General lie buried. All members of the family were presnt. He had been ill for several months and in declining health for several years.

MRS. AGNES ZALKOVSKY DIES AT HOME TUESDAY

Mrs. Agnes Zalkovsky, 77, died at the family residence on their farm east of Cameron Tuesday afternoon, February 3, 1942.

Funeral services will be held at St. Monica's Church Thursday morning February 5 at 9 a. m. with Rev. George J. Duda reading the Mass.

Mrs. Zalkovsky is survived by her husband Frank Zalkovsky and two brothers, Charles and Frank Gelner who live near Cameron.

The body will be at the Marek-Burns Funeral Home until the funeral hour Thursday morning. Interment will be made in the Catholic cemetery at Cameron with the Marek-Burns Funeral Home directing arrangements.

War News Tells of Whereabouts of Cousin Now With MacArthur

Mose G. Cox, Cameron attorney and civic leader, found good reading in a news story in the Houston Post recently.

For the first time in 50 years he learned of the whereabouts of his cousin, Col. Carl H. Seals, a native of Eugala, Alabama. He is now in the Philippines with General Douglas MacArthur and has been recommend to be a Brigadier General because of his work as a member of General MacArthur's staff.

General Seals is also a cousin of Mrs. T. B. Stidham of Jones Prairie. Mr. Cox had not heard from his cousin in 50 years.

Mr. Cox, a native of Alabama, was born at Clayton.

Mrs. M. M. Kemp of Waco, will observe her 80th birthday on February 6th, and many friends in Cameron wish for her happy returns of the day. Mrs. Kemp was reared in Cameron, and lived here until a few years ago, and now lives at 1614 West Ave. Waco. About one year ago she accidentally fell and broke her hip and has been confined to her bed, but is now taking a few steps.

E. L. McGuyer of Rockdale was a Cameron business visitor Tuesday.

SINGAPORE AID ON WAY

General Archibald C. Wavell, Commander in Chief of the land forces of the United Nations in the far east, sent a message today to the British forces in Singapore that help is on the way in large numbers and in large quantities, both from Britain and the United States.

Determination to defend Singapore against Japan was rapidly crystalizing into a fighting effort.

Reinforcements for Singapore can only be delivered with a maximum of naval effort and the message of General Wavell was regarded as certain to indicate large concentration of the fleets of the United States and Great Britain in the waters around the fortress.

The Japanese are certain to make a desperate effort to destroy these great convoys of troops, guns and ammunition. It would seem to indicate that the United Nations are going in for a showdown on air and naval superority and the next 24 to 48 hours may see a naval engagement equal to that of the battle of Jutland in World War No. 1 when the British and German fleets met and battled for 48 hours with great loss of life and ships. The British won the battle.

The war was reaching a critical stage with the Japanese reinforcing hourly for the grand assault on Singapore. The little brown men were swarming all over the Islands of the Pacific. They have begun an all out assault upon Java, where the headquarters of General Wavell are located.

An invasion of Australia was only a matter of days and perhaps hours.

General Wavell told the forces at Singapore that he'p is on the way and it will get there quickly. How this is to be achieved of course is a military secret.

Last night the radio reported that General Douglas MacArthur has been reinforced in the Philippines, presumably by a batallion of Marines and Sailors. Another American Mosquito boat had run the gauntlet of Manila Bay and torpedoed a Japanese battleship.

Genreal MacArthur has repeatedly defeated the Japanese, breaking up three assaults from the sea and inflicting upon the yellow barbarians casualties they will not be able to discount for sometime to come.

The British have begun a counter offensive in Libya.

Despite Hitler's desperate effort to stop the Russian on-rush, the Soviet army has scored new successes against the Germans.

Civilian Registration Heavy in County; Cards Run Out; Another Day

Returns from Civilian registration on last Saturday indicated that not more than one third of the people were able to register due to card shortage.

Emory B. Camp, Chairman of the Milam County Defense Council, said that in every voting precinct people were turned away because there was not a sufficient number of cards.

Another registration will be provided for within the next two or three days and enough cards will be printed to take care of all who wish to register under Civilian Defense.

It was estimated that something like 7,000 registered on last Saturday and substantially 20,000 people remain to be registered in the county.

HELP HAS ARRIVED FOR BELEAGURED SINGAPORE

An American correspondent in beleagured Singapore said that help had arrived but he was not permited to say who and how many.

Indications pointed to an American force now in Singapore. Other broadcasts during the day indicated reinforcement in all sectors of the far east.

Getting men and supplies to Singapore would indicate strong naval action.

Judge Graham Gillis, Chairman of Milam County Boy Scout Advancement Committee announced a court of honor to be held in District Court Room at 7:30 February 12.

PLEDGES TO GIVE CITY GROWTH AND EXPANSION

Leland Green, Cameron business man and President of the Chamber of Commerce, won the nomination for Mayor in the Primary election held here Tuesday by a majority of 127 votes.

Chas. C. Smith, Sr., who has held the office for five terms and whose record was outstanding because of his financial policy for the city, will retire from office in early April and give way to his opponent, Mr. Green.

A. E. Smith	1025

In the race for City Attorney which developed as a write in, no names were printed on the ballot as no one filed for the place. Mr. Baskin, who received the nomination for City Attorney, is a prominent member of the Cameron Bar and former County and District Attorney. He will succeed W. C. Wallace, who is now with the armed forces of the country doing a laudible and patriotic mission in the war.

Mr. Green, who will succeed Mayor Chas. C. Smith, has long been prominent in business circles in Cameron. He is the Senior member of the Green & Boedeker firm and is soon to realize an ambition of years to serve the city at the head of the government.

In his campaign Mr. Green took a progressive view and has pledged to give the city whatever expansion can be realized with the introduction here of new industries and will make an effort to bring a military establishment to Milam county. His election was regarded among his supporters as a triumph for a forward looking administration fashioned along lines of progress outlined by his demand for a co-operative civic and city program.

Mr. Green will bring to the office of Mayor a rounded experience as a business man and a close observer of municipal affairs. As retiring President of the Chamber of Commerce he has a definite vision of what can be done to keep Cameron in step with the modern city trend. He proposes new industries, public works, and other methods whereby laboring people can benefit from the present government program.

Mayor Chas. C. Smith made Cameron nationally famous for its financial policy. The bonded debt of the city is only $30,000 and no city in America with the potential property values has such a comparable bonded debt.

BRITISH WIN FIRST BATTLE OF SINGAPORE

The first phase of the battle for Singapore has been fought and won by the British.

Giant guns of the fortress, believed as large as 18 inch rifles pounded the Japanese into silence late Wednesday but a noon report said that the battle has been resumed.

Japanese artillery drawn up across the straits for bombardment of the fortress was silenced by the British guns.

American fliers are over Singapore and American planes are said to be in the thick of the fight.

American P-40 fighters accounted for a Japanese bomber and one pursuit ship over Java Thursday. One American plane was said lost.

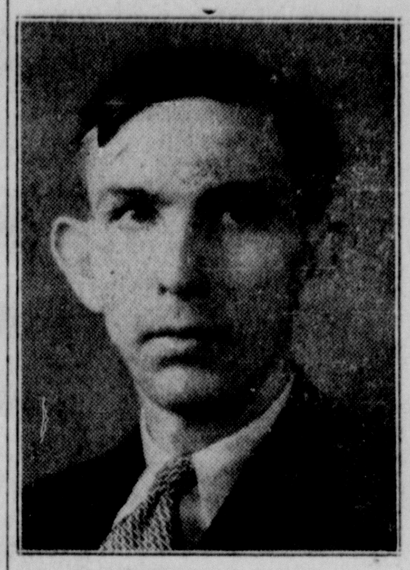
Figthing in the Philippines had receded to patrol skirmishes.

News was hard to get. That which was coming through was only a superficial but of information calculated to help public morale in the country. Actually conditions are very bad.

Joe Hebner, student at A & M spent the week end with his parents here. He had as his guest, Ed Yantis, also a student at A & M.

Modern warfare demands that an entire nation go to war or lose the fight. This will help, in long run, to

The New Mayor



LELAND GREEN, Sr.

Leland Green, nominated for Mayor in the Primary on Tuesday expressed his thanks to the people as follows:

"I am deeply conscious of the responsibility that will be mine when my service begins in April. The expression of confidence implied by my nomination in the election on Tuesday gives me a feeling of gratitude which I feel I cannot adaquately express in words. It is an honor to serve the fine people of our city in this responsible place.

"In my campaign I stressed cooperation and unity. With this in mind we can go forward and discharge our duties as the people have indicated they desire. I ask your cooperation. I will at all times work in harmony with the Council to the end that we may justify the faith which you have placed in us.

"My debt of gratitude to my friends can never be paid. To those who voted for my opponent I have only the kindest feeling and ask that they feel free at all times to call upon me because I will always be the servant of all the people in Cameron."

Mr. Green was ill at his home Wednesday afternoon and not able to be at his place of business, although he was in town early Wednesday receiving congratulations.

MAYOR SMITH STARTS NEW PAVING PROJECT

A new paving job involving 23rd Street from the school east to the B. F. Bonds residence, was announced here Thursday by Mayor Chas. C. Smith.

The curb and gutters were laid on this street some time ago and Mayor Smith has just received orders to proceed on the job. He hopes to complete this paving within the next few weeks.

Other streets have been paved during recent months. Cameron needs paving and side walks in many sections of the city. Mayor Smith hopes to do all possible to advance the street program before he retires from office in April.

Mayor Chas. C. Smith, for 10 years head of the city government and widely known for the fiscal policies he applied to the city, today expressed his appreciation for the confidence of the people that enabled him to hold this office longer than any other mayor.

Cameron's bonded debt has been reduced to the lowest level of any comparable city in America. It was largely due to Mayor Smith's good finance policy that this was accomplished. All improvements have been substantial and at very little cost to the tax payers.

All Former Sailors To Get Together in Cameron February 12

The Gobs are going to have their day.

All men who served in the forces of the United States Navy during world war No. 1 have been called to meet on Thursday night February 12th.

The meeting was announced by Grady Little who served in the navy in the world war. All ex-sailors are requested to contact Mr. Little or August Gurecky at the First National Bank about the meeting.

It is to be a get together and will be the first such meeting ever held by purely men of the naval service.

Mr. Gurecky who is assistant cashier of the First National Bank, served in the navy during the world war.

Rogers Newton of A & M was a week end gust of relatives and friends here.

JAPS THROWN BACK IN NEW FIERCE BATTLE

General Douglas MacArthur and his out numbered men on Luzon have thrown back with bloody losses two more Japs attempted landings by the sea upon the peninsula and upon Corrigedor.

On Sunday the forces of General MacArthur by the use of artilery had broken up a landing attack and on Tuesday it was reported that two other similar attempts to land troops were frustrated.

The communicaion said that heavy losses were suffered by the Japanese and that great quantities of equipment was destroyed. It is presumed the Japanese attempted to land on the peninsula across from Corrigedor by small boats and barges. It is believed that the Japanese have given up all hope of forcing MacArthur's lines by land and are attempting to weaken his position from the sea.

Two Japanese transports have been sunk in the Macassar strait by American bombing planes based in Borneo. It was officially claimed today that from twenty to twenty five percent of the Japanese navy has been destroyed since the war began.

The Australian government is convinced that an invasion of Autralia is imminent, and preparation is being made to meet the challenge. From somewhere in the far east an official report came that big new allied movements are in the making.

The Japanese were massing on the Malay peninsula for the coming big attack on Singapore.

Early Tuesday 36 Japanese bombing planes were over the fortress of Singapore in a single attack.

Ephrian Diver of Sandy Creek was a Cameron business visitor Wednesday.

He who Hesitates Is Lost--

The only thing going down is the money in your pocket. A one Dollar Bill January first would buy only 88c worth of goods and at this time will buy about 80c worth of goods. Anything in the durable goods line such as stoves, furniture and other items of this nature which you are going to need this year or next, we earnestly suggest that you purchase now. Carpet production has been cut, stove production April 1st, is due to be cut 85 per cent. Bicycles are now on the quota basis with a 2-3 cut in production. The coffee roasters are only delivering this year 80 per cent of our last years purchases. Some of the vinegar factories are being taken over by the government to produce alcohol. Alcohol is used in making smokeless gun powder. When markets used to advance, we were given an opportunity to buy some at the old price. Nowadays however goods are billed at the price prevailing date of shipment and we have no way of knowing what our next merchandise is going to cost until they are in the house. Due to government operation of the railroads, it now takes 15 days to get a car of flour shipped. It used to take 3 days. We do not suggest hysteria buying, on the other hand we suggest that you do not get completely without, before you buy some more. We still have a few tin cans and fruit jar lids on hand.

Washington News
From Your Congressman W. R. POAGE

We have just passed the largest appropriation ever made by any nation for the air force. A bill carrying almost ten billion dollars for American aviation has just gone through the House by a practically unanimous vote. I am sure that there are some at home who will ask if we here in Congress realize just how much money this is. I must confess that probably none of us can comprehend the real magnitude of our apropriations. On the other hand, I wonder if there are not some of our citizens who fail to realize the magnitude of the war in which we are engaged—who don't realize what fantistic supplies of planes and ships it will require to win this war. In fact, I wonder if there there are not some who don't want to face the facts, which are that America must produce at a rate never before dreamed of if we are to save ourselves, much less if we are to aid the democracies of the world as we have so freely promised.

Probably our present inability to protect the Philippines or to re-enforce our gallant forces there will cause some Americans who have been loud in their criticism of Great Britain for failing to rescue Norway, Greece, etc., from the Germans to take a more generous attitude. Today we are beginning to learn something of the tremendous fight that Great Britain has carried on so heroicly for two and a half years, and all alone for more than a year.

We have the greatest factories in the world. We have three times the number of people that are in the British Isles. Our cities are not yet subject to any bombing. Our ships have a greater freedom of access to the markets of the world than those of any other nation. We have the cash with which to pay for what we want.—and yet, each day we see the Japs move closed twoard our sources of vital rubber, tin, quinine, etc. If we could but put the planes that this appropriation calls for in Singapore next week we could doubtless have every Jap on the run and defending Tokyo within a month. But the harsh truth is, it will be many months before we get any of the equipment we are now ordering. In the meantime, we can only hope and pray that it will be possible to get enough re-enforcements and supplies to the Far East in time to save MacArthur and his men, and our Dutch and British allies. It is always dangerous to assume the role of a prophet, but I am one who still believes that Corregidor and Singapore will stand. If they do we will be saved thousands of lives and many weary months of bitter fighting in re-taking that country later on.

Probably the first thing to come up next week will be the confernce report on the bitterly debated price fixing bill. The conference committee has cretainly improved the bill. While I cannot believe any bill that does not control wages can ever be effective in controlling prices, I recognize that some kind of so-called "price control" bill is going to pass. I realize that such a measure might be disastrous to agriculture. I don't think that this bill is fair to agriculture. I don't think any price control that does not treat agricultural prices the same as industrial wages can ever be fair to agriculture. On the other hand, I realize that this bill does have some provisions that will give agriculture some protcetion. For instance, the bill for practical purposes prevents the Price Administrator from placing a ceiling on cotton at less than about 21c per pound. If this report should be rejected and a new bill brought in, it might very probably give our farmers no protection. I think this conference report will be accepted and that within a short time the country will be operating under the most rigid price control America has ever experienced.

Every community in the nation is trying to get some kind of government project, establishment or industry. Most communities honestly believe that they have everything that is needed for whatever they undertake to get. Very few actually have the needed resources or qualifications. Most of them believe that all that is needed to secure an army camp, an air school, or a munitions plant is for some Congressman or Senator to ask for it. Fortunately for the nation this is not the case. I say this is fortunate because I realize that these locations should be made by military experts and that of they were made by laymen the country would shortly be at the mercy of the Axis. Of course, the military authorities make lots of mistakes, but so far we have found no better method than to allow them to make the final selections.

I can and am always glad to present all the facts and figures any community in our district wants presented about any project in which they are interested. I have and shall continue to do this for any city, town or community in the 11th District. Some points in our district are going to get substantial defense plants. Other communities will of course get none. It is impossible for every community to get something. In the meantime, I am working on the general principle of decentralizing industry and bring war industries South, and I will be happy in the future as I have been in the past to assist any citizen or any community of the 11th District who wants to present a request for any kind of defense activity in our district.

With best wishes, I am

Your friend,

W. R. POAGE,

Congressman, 11th Texas District.

Civilians Crowding Polling Places to Register For Service

Civilian registration Saturday apparently would be almost unanimous as people of all ages and races crowded the polling place, especially in the cities, eager to sign up for Civilian Defense under the war effort.

Emory B. Camp, Chairman of the Defense Council, made a hurry up call on the Herald Plant around 10 a. m. for more registration cards and 2,500 were delivered. It was almost certain that another registration will have to held as only 8,500 cards were distributed and this will not be enough.

It was a heartening demonstration of an aroused people who had opportunity to express for the first time their desire to be of service to the country.

BRITISH RETREAT TO BIG ISLAND BASTION

The seige of Singapore has begun.

A circumstance that military leaders and statesmen feared someday might occur, was a grim reality Saturday as the British abandoned the Malay Peninsula and made a successful retreat across the one mile of water to Singapore Island.

The causeway across the bay was blown up by British engineers and seige guns all along the coast line were in operation. Overhead the Japanese were giving the big fortress the worse bombing of the war and were attacking from all sides while British war ships said to have reached the waters around Singapore began their bombardment also.

The British have inflicted severe losses upon the Japanese and the British High Command has given orders to make it that kind of a fight, that is to exact every possible sacrifice on the part of the Japs and to hold them off as long as possible.

Presumably reinforcements were on the way.

The British announced this morning that 80 ships had arrived off Australia with the first large contingent of expeditionary forces.

Not far away the Americans were landing in Java, the heart of the Dutch East Indies, but at no point except in Luzon. where Douglas MacArthur is shooting hard and straight, were the Japanese held in tow.

The British are on the retreat everywhere and the situation looks very grave.

FARMER KILLS SON AND SELF

Rochester, Ind.—In a quarrel with his son, who was determined to leave the farm and work in a defense plant, Oliver Fisher, 62 year old farmer, shot and kilied his 17 year old son, Arbie, while his mother and 8 year old brother looked in. Fisher then turned the gun on himself, ending his life.

of them being at home with their father and mother, neither in miliary age.

Mr. Clore has for years been a prominent member of the Knights of Pythias, is Past Chancellor of Milam Lodge No. 125 and also has served as a district official for the Lodge. His Work as a Pythian has been outstanding and his friends point out that these and other connections are indicative of his character, integrity, and fine spirit of co-operative service to his fellow men.

Mr. Clore, is a past Worshipful Master of San Andres Lodge A F & A M of Cameron, and for a number of years had served in official places within the Lodge, finally his contribution to the service of Masonry brought him the honors of Worshipful Master.

Mr. Clore is a member and Secretary of Local Board No. 2, Selective Service System, and has rendered an intelligent fine service to the United States government in the present national emergency. For this service Mr. Clore receives no compensation and all of his services as a citizen in whatever capacity he was called upon to perform, he has been both patriotic and self sacrificing. Friends commenting upon Mr. Clore's announcement for this important office in the county government, point out that his business experience and public contacts give him unusual qualifications for this place. He would be able to assume any of the clerical duties which an Assessor and Collector of Taxes should perform. He is able and qualified and as in his business he is a stickler for efficiency and would bring to this office a policy of service which his friends believe would be outstanding.

Mr. Clore is making this race solely on his qualifications to serve and proposes to devote his entire time to the duties of this office to the end that the people may realize complete benefits from their investment in his election.

He is thoroughly familiar with conditions in Milam county and knows the people. He understands what they expect in their public officials and as his friends point out, his election would be commensurate with the high traditions the people have always exacted from their public officials. In the matter of values as they apply to assessments, Mr. Clore would have the advantage of long standing knowledge of conditions in the county. It would be his purpose to give in every detail the most efficient and modern service known to such offices.

In the coming campaign Mr. Clore plans an active canvass and hopes to see each voter personally to discuss with him his qualifications and his desire to serve in this offfice. Mr. Clore, like many other up standing boys, came up the hard way. He has been resourceful, energetic and hard working. He knows what it means to struggle because his life has been essentially one of activity born of necessity. His good Irish wit and happy smile are just a part of his generous, fine nature. His character is unimpeachable and his record as a citizen is unsurpassed anywhere. Mr. Clore is 46 years of age and his life is yet in the accendancy. His years have been crowded with worthwhile things and as his friends point out this is a day and generation when young men deserve much for the things they did for their country and their community when sacrifices were heavy and hazardous. He will be more than grateful for the opportunity to serve and pledges the people they will never have cause to question the confidence placed in him.

Mr. Clore calls upon his friends over the county to help him in his campaign and invites you to investigate his record and his ability to serve as Assessor and Collector of Taxes for Milam County.

Car Registrations Begin February 20th

Bill Alex Bonds, Assessor and Collector of Taxes announced here today that registration of automobiles will begin in Milam county on February 20.

Registration this year begins earlier than registration last year and this arrangement will give more time to handle the large volume of cars and trucks.

Mr. Bonds said that abstract of title is required before license plates can be issued and also all car owners are requested to bring their 1941 registration receipts with them. This is for the convenience and the dispatch of registration.

Due to congested conditions at Austin if you do not have a certificate of title you may get your license plate by showing that you have made application for abstract of title. This information was published in the newspapers on Tuesday.

E. A. Camp of Rockdale transacted business in Cameron Monday.

Luther Tyson, Jr., of Dallas, is in Cameron today on business.

Mayor Smith Thanks People; Kept Faith In Long Term Service

In expressing his appreciation for the confidence of the people through his ten years in office, Mr. Smith said:

"The people of Cameron have honored me for 10 years as Mayor and I want to express my appreciation for this confidence and your co-operation during the years it has been my privilege to serve and to work for the people.

"As I look back over this period of service there are many things for which I am thankful and in which I take pride. I promised the people when they first elected me that I would be Mayor and so I have, for the entire length of time. When I retire in April the mandate which you gave me will be returned to you as you gave it, free from all influences save those which you had the right to expect would guide me in my oath of office.

"There is great satisfaction in knowing that you have served with entire devotion and best of all is to have your service commended by so many, friends who appreciate and know how hard it is to do a good job.

"If after 10 years of hard work and safeguard of the interests of all the people, it can be said by those we serve, "well done," that is after all the major compensation.

"Please know that I greatly appreciate those loyal friends who voted for me and those who voted for my opponent. I have only the kindest of feelings and trust we may all work together and co-operate with the new adminstration."

Mr and Mrs. Dewey McElwrathy announce the approaching marriage of their daughter, Norma Jean, to John Henry Wilson on Sunday, February 8th, at the First Methodist Church at 12 o'clock noon, after the 11 o'clock service. Rev. Bob Pool will perform the cemeony.

Cookies and punch were served to the guests during the hours of the reception.

Local Debating Team Makes Good Showing At Taylor Meeting

Cameron's school debating team at the convention for extemporaneous speech held in Taylor last week made a good record.

The girls team went to the finals and was eliminated by Dallas. In extemporaneous speaking the Cameron entries were eliminated by Houston and Austin. The boys team was eliminated only after the first four debates.

The girls team to go to the finals were: Eleanor Knipp, Linda Perkins.

The boys team that was eliminated after the first four debates were: Willard Skelton, Bonner McLane and Jimmy Angell.

The girls team to be elimnated after the first four debates: Loretta Polansky and Beth Looney.

Extemporaneous speakers were Gloria Anita Cole who placed third.

This was the first time the team has debated under competition and due to the record made the boys and girls have been invited to a number of tournaments.

The subject debated was a Federal Department of Education. Willie Dismuke is the teacher and coach.

CHRISTIAN SCIENCE SERIVCES

"Spirit" is the subejct of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 8, 1942.

The Golden Text is: "I have poured out my spirit upon the house of Israel, saith the Lord God" (Ezekiel 39:29.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible. "Thou compassest my path and my lying down, and art acquainted with all my ways. Whither shall I go from thy spirit? or whither shall I flee from thy presence?" (Psalms 139:3, 7.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is not separate from God. Spirit is God." (Page 192.)

LINEN SHOWER

Mrs. August Knipp entertained with a linen shower at her home on Monday afternoon from 4 to 6 honoring Miss Norma Jean McElwrath, bride to be of John Henry Wilson.

The Knipp home was beautifully decorated with yellow chrysanthemums and fern. The valentine motif was carried out, using heart shaped plate favors.

The twenty guests present were entrtained by playing games and engaging in coversation. Prizes were won by Mrs. Lena Russell, Mrs. Gus Plentl, and the honoree, Norma Jean McElwrath, the first two being presented to the bride.

The Knipp twins, Ann and Billy, delivered the gifts on two wheelbarrows. The packages were opened and Miss McElwrath expressed her appreciation to each one.

HOMEMAKERS CLASS MEETS

The Homemakers Class of the First Baptist Church meet Tuesday afternoon for a business meeting with Mrs. Gene Smith, president, in charge. Devotional was led by Mrs. Sam Dierr and prayer by Mrs. Evans. After the business meeting the members pieced on a quilt for the needy. A social hour followed with refreshments. The meeting was dismissed by prayer by Mrs. John Hause, with 14 members present, to meet the first Tuesday in March.

The many friends of Mrs. O. B. Machensen, formerly Miss Kathryn Robbins, daughter of Mrs. Katheryn K. Robbins, will be pleased to know that she has been elected head of the home economics division of the Laboratory School of the University of Louisiana. Mrs. Machensen received her degree in home economics from the University of Texas, and her Master Degree from the University of Louisiana. Before her marriage to Dr. O. B. Machensen of the Research Division of L. S. U. Mrs. Machensen taught home economics in Yoe High School and will be kindly remembered by friends and former students here, who will be glad to know of her promotion.

On Sunday, February 8th, the 36th anniversary of the Scouts of America will be observed at the First Presbyterian Church at the 11 a. m. service and the Cameron Boy and Cub Scouts will attend the meeting as a group.

Times change; about two years ago we were smiling over the efforts of the Germans to get along with synthetic rubber.

PLAY POOR AS CHURCH MICE

Friday night a group of the Baptist Church members will go out to Marlow Baptist Church to put on the play "Poor As Church Mice." We urge every one that has not seen this play to be sure and go out to Marlow Friday night.

This play deals with a family that for some time had left God out of their home. The father was a drunkard until the baby girl found out the truth about her Heavenly Father. Don't miss the conversation of this drunken father. The time will be seven thirty. This brings to our mind as the scripture says "As a little child shall lead them." In this case we see the proof of this scripture.

B. & P. W. MEETS

The Business & Professional Women's Club held its regular meeting at their club rooms Tuesday evening with the resident, Miss Lillian Atkinson presiding. During the business session they agreed to take a number of other garments to make for the Red Cross, and many are completing sweaters that have been asked for.

Mrs. Kathryn K. Robbins was speaker of the evening, her subject was "Training for Defense Plans," which was interesting and was given in an attractive manner. Mrs. Cora Cammer was hostess and served cherry pie topped with whipped cream and hot coffee.

The club has welcomed into membership two new members lately.

LUNCHEON

On Wednesday, January 28th, Mrs. E. J. Duncan and daughter, Miss Helen Marie Taylor, were gracious hostesses at a luncheon given for Miss Virginia Weems at the Harry Lewis Ranch Dining Room in Waco.

The table was marked with different ranch brands, and to further carry out that motif, the place cards and favors were designed with cowgirls and horses.

The honoree was given crystal in her chosen patterns by the hostesses.

The guests were all Waco friends of Miss Weems.

The outlook in the Far East looks bad enough but if the Japs take Java you can write the area off as a total loss.

Leland Green Urges Unity for Cameron's Future Progress

Further progress was indicated today in a letter from Congressman poage to Leland Green, who is a candidate for Mayor and who will retire as President of the Chamber of Cammerce early in March.

Mr. Green, on the eve of the election, said he considered the most important thing in connection with the future is co-operation and unity. By this Mr. Green feels that all organizations and all the citizens should be of one mind in their decisions and in their outlook for the future of the city.

Congressman Poage was wholly commital on matters of co-operation and has given Mr. Green a full out line of what he believes will be necessary to effect a general understanding and to bring the advantages of Cameron to the attention of army authorities.

To give Milam county something in the nature of a military establishment, it will be necessary for the Commissioners' Court to assist and no doubt the Court will be glad to co-operate in any plans which may be projected for Cameron.

At no time in the history of the ommunity was co-operation any more desirable than at the present time and if the people, business men, city and county government, would unify their efforts no doubt some outstanding benefits would accrue to the city.

Mr. Green feels greatly encoraged over the co-operative spirit shown by Congressman Poage.

OLDER MEN MAY SOON BE CALLED FOR DUTY

A shortage of men fully fit for military duty to fill current contemplated calls was indicated today by General Louis B. Hershey, director of the draft.

General Hershey also indicated that men fit for limited military duty because of minor physical defects and placed in 1B may also be called soon.

Under present records all the men available for the calls have to come from the first registration.

President Roosevelt has proclaimed February 16th as registration day for all men between the ages of 19 and 45 years. This registration age was provided for in the amended draft law following declartion of war when all young men 19 years of age and those up to 45 were put on notice of their responsibility.

Only men from 20 years to 45 are liable for military duty under present laws. Men who have become 21 since July 1941 and all those past 35 who did not register in the first draft because they had passed 35 and now required to register.

General Hershey in a frank statement said that man power is so vital now that all men must place themselves in readiness to serve. Dependency will always be the basis for deferment.

Plans have been worked out and congress will be asked to enact a law which will require the registrant to pay over a portion of his army pay to his dependents and the government will match or supplement the same. This was done in the last war and will be done again. Under these provisions men without children and especially men whose wives are working will be liable for military duty.

Mrs. Jack Wallace of Houston spent the week end with Mary Ellen Cottle.

Former Resident Here Gets Scout Leader Honors at San Angelo

J. A. Lindle, former resident here and active Scout leader, has been given a 20 year Silver Beaver award in San Antonio for his work with the Scouts.

With Mr. Lindle receiving these honors was J. A. Smylie of the Central Power and Light Company of Ballinger.

The award was made at the Concho Valley banquet held in Angelo. The San Angelo Standard carried pictures of the leaders.

Mr. Lindle has many friends in Cameron and Milam county. He was a Scout leader here. In Cameron he was associated with the Cameron Machine Shop and in San Angelo is superintendent of the Southwestern Iron Works.

FORTRESS MAY FALL TO INVADERS SOON

The battle for Singapore had reached a crucial and decisive stage Friday with more than 120,000 Japanese troops storming the bastion, which is the key to British defenses in the far east.

The Japanese had fought their way to within 18 miles of the fortress of Singapore and there was little hope the British could hold against such overwhelming odds. Brave Australian soldiers are inflicting heavy casualties upon the Japanese, but they too are forced to fall back.

The fortress of Singapore is separated by one mile of water from the mainland of the Malay Peninsula. When the Japanese reach this they will have approached the last defensive line the British have set up. The Japanese were storming down toward the city behind mechanized equipment and with planes swarming overhead.

Some have predicted that Singapore will not fall, but there was nothing to indicate the British would be able to hold it unless reinforcements can be obtained at once.

In Luzon on the Philippines General Douglar MacArthur today sent a telegram to President Roosevelt on the President's 60th birthday, and told of troops holding out grimly under adverse conditions.

The British have finally congratulated the American fleet on its great victory in the Macassar Strait. This was contained in a telegram from the British Admiralty to President Roosevelt Friday morning.

American forces already in Ireland were given their first air raid experience before noon Friday when German planes were reported over the area, and our defense strength was brought into play.

Mr. Churchill on yesterday said he was anxious for the American soldiers to get into battle against the Germans. After all, of course, someone must fight the Germans and why not the Americans?

The Nazi are pressing on in Libya. The British are expected to go into action there at any moment to stop the Axis drive.

The Japanese are forcing the attack on Java, the heart of the Dutch East Indies, but the Dutch government said help is arriving in large quantities and this is taken to indicate that American troops are disembarking somewhere at Dutch East Indies ports.

George Clark Says First Day at Grove Cafe is Busy One

George Clark who Sunday opened the Grove Drive In Cafe 2 miles out on the Waco Highway, said that he was greatly pleased over the many customers who came during the day.

Free hamburgers to the first 30 customers who came between 4 and 5:30 p. m. found not enough for all of course, but the afternoon was a busy time for the new cafe.

The drive in features are excellent and parking space is plentiful. Only sofe drinks are sold.

Vitamins aplenty here...

but do they ever reach your family table?

THREE OF THE WAYS A CP GAS RANGE WILL HELP YOU SAVE VITAMINS

1. VITAMIN-SAVING BURNERS. Simmer settings make possible the "waterless" cooking of vegetables, recommended by vitamin authorities.

2. VITAMIN-SAVING BROILER. No preheating necessary. Meats retain more vitamin-rich juices, because cold-start broiling enables you to broil the portion nearest the flame, without overcooking the under side.

3. VITAMIN-SAVING OVEN. CP controlled heat enables you to roast meats with minimum of water, and yet avoid drying-out. Low temperature CP roasting also enables you to reduce meat shrinkage

Vitamin-saving is easier with modern GAS cooking

THE RIGHT KIND OF COOKING is especially important these days. It can mean the difference between giving your family foods rich in health defending vitamins—and serving meals that have very few vital elements.

AN IMPORTANT POINT: to avoid excess vitamin waste in cooking vegetables, use little water. It's simple with the simmer burners of a modern GAS range. The tailored heat enables you to avoid overcooking or scorching. And for roasting meats, use low temperature. You'll save more vitamin-rich juices and reduce meat shrinkage as well.

JEHOVAH'S WITNESSES ARE ARRESTED HERE

Axis propaganda was believed to have been attempted here by members of the religious sect called Jehovah's Witnesses.

Jehovah's Witnesses have been in trouble ever since war was declared and before. They are the people who refuse to salute the American flag and when they are asked to do so, they will not say they refuse to salute the flag, but they say they refuse to salute any flag.

J. E. Odham, said to be a minister of this faith, and Mrs. Anna M. Cowden, whom District Attorney Morrison said is his mother, were taken into custody here on January 27.

Geo. Clark, a member of the American Legion, discovered the fact that the Witnesses had been in the city since last December, working Milam County.

Mr. Clark said that they were handing out litereature, one phamplet, the substance of which is "You can't starve out Hitler."

Mr. Clark told the Herald only yesterday about his experience and said he had notified Deputy Sheriff LeRoy Massengale and took him in a car to where the people were working. They were placed under arrest and brought to the Court House for questioning.

No charges were filed.

Mr. Morrison said he had left word at the apartment house and if they returned he is to be notified. What he will do was not made plain.

Jehovah's Witnesses have been in the courts at various places for sometime. Mr. Clark said they had phonograph records in several languages, including German and Italian. Recently in an eastern city a member of this religious sect killed a Deputy Sheriff because he would not listen to a phonograph record, according to the newspapers.

Sometime early last year Jim Perkins, State Ranger, arrested a number of Witnesses and confiscated literature which was written in German and Italian. The arrest occured near Hearne. No prosecutions followed.

Milam county has been very liberal with propagandists in times past.

Last year two of the Witnesses came into the office of the Publisher of the Herald and started giving him hell because he published a story about the arrest made by Ranger Perkins They were operating out of Temple. They have a habit of claiming misrepresentations, abuse, and unwaranted discrimination when they are taken into custody.

No doubt they will be down to see the Publisher again now that the people have been given the facts, and we always try to print the news.

Farm Loans For Crop Production Are Now Available

Loans for the production of 1942 crops are now availabe to farmers in Milam County and applications for these loans are now being received at the Chamber of Commerce, Cameron, Texas, according to Eric E. Brown, Field Supervisor of the Emergency Crop Loan Section of the Farm Credit Administration.

A recent announcement by W. E. Farwell, Regional Manager of the Dallas Emergency Crop Loan Office, administers these loans, states that the loans are being made available somewhat earlier this season to meet the emergency cause by short crops in certain areas and to permit early preparation of the land.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain loans from other sources. As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing the land, planting and cultivating his 1942 crops. Borrowers are required to give as security a first lien on the crops financed.

Commonly known as "seed loans," these loans have been made in this County for the past ten years and the Emergency Crop Loan Office at Dallas throughly appreciates the fine attitude of the farmers here toward their obligations, Mr. Farwell's announcement states.

This Agency is lending full cooperation to the Government's vital Food for Defense Program by financing the planting and production of marketable food crops, including vegetables, peanuts, citrus fruits and melons.

The Dallas agency has also cooperated during the fall in a campaign fostered by the Extension Service to cut cotton stalks early in an effort to control boll weevils. All borrowers have been urged to co-operate in this for their own benefit and the welfare of their communities. According to the statement announcing the opening of the loan program, farmers who apply for a 1942 crop loan will be asked about their progress in cleaning up their fields.

Roping Club to Begin Roping Sunday

Cameron's Roping Club will resume roping in Wilson-Ledbetter Park Sunday afternoon, February 1, it was announced here Saturday morning by Make McDermott, Publicity Director for the Club.

Mr. McDermott said the Club has purchased new stock of mixed Brahamas and the calves are the best he has seen in many days.

Roping was suspended during the winter months but will be resumed tomorrow and on each Tuesday and Thursday night thereafter as heretofore.

Infantile Paralysis Fund Aided Here

Chas. M. Hicks, Chairman for the President's Birthday celebration here, reported a financial success and good entertainment during the evening.

Reports complete had not been received, but the party at the Gym raised around 850 with students predominating in the crowd.

At Knights of Columbus Hall some 40 tables of 42 contributed to the paralysis fund.

Geo. Clark Opens Drive In Cafe at Grove Courts Here

Geo. Clark formerly with the Grabein Chevrolet Company, has leased the Grove Courts two miles out on the Waco Highway and will open on Sunday his new Drive-In Cafe.

Mr. Clark has placed a large number of placards over the district directing tourists to his courts and is advertising in the Dailey Herald for the benefit of Cameron and local people who will want to know about this new place.

Mr. Clark will sell soft drinks only and the first 30 people who go to the Courts between 4 p. m. and 5:30 p. m. Sunday will get a tasty hamburger free.

The Courts are located in a Grove of oak trees two miles out on Highway 77. There is plenty of parking space and this no doubt will become a very popular place for the people.

BASKETBALL TOURNAMENT

The Milam County Girls Basketball Touranment was held in Sharp Gym Thursday, January 29, 1942. The representing teams were Sharp vs. Maysfield. Ad Hall vs. Ben Arnold and Buckholts had the winners of Sharp and Maysfield game in which the score was 21 to 11, in favor of Maysfield. After the Ben Arnold-Ad Hall game, Maysfield tackled Buckholts, which led to a great and victorious battle for Maysfield. At the half Maysfield was 7 points in the lead. Maysfield battled through to the end of the game and this moment was surprising. The scores were 31-31. Three minutes were given to play the tie off. Within those 3 mintues, Jean Wise dropped a long shot into the goal which led to a winning point for Maysfield. Maysfield is preparing to play Ad Hall Wednesday night in the Sharp Gym for county championship. Jean Wise was one of the five highest honored players in the county. She was given a gold basketball.

WITH THE BAPTIST

Last Sunday morning Baptists and their friends made use of their freedom to attend church. I say it humbly, brethern, but it was the first full house I have had this year and I trust will not be the last. 304 were present in Bible School, 98 in Training Union, and $144.26 offering, not bad fruit bearing if you ask me.

Our Baptist Brotherhood met Jan. 23rd with 44 men present. Ray Burke was elected president. Program committeemen elected were M. G. Cox, Will Lake and Wright Price. Secretary and Treasurer, Woodrow Lowe. We meet again February 5th and have as our speaker Bro. Grady Metcalf of Temple.

Monday 25 of our members attended the Worker's conference at Little River. It was a good day, our religious defenses are holding and God and His Word have a great army forging ahead for His Glory. Good reports were given by District Missionary J. A. McIver and Bro. Rios the Mexican Missionary. Bro. Rios was granted leave of week end each month to go to Somerville and work with the Mexicans there. We regreted to have to do this but because of our churches have been slack with missionary contributions we felt it wise.

For a preacher to be silent on the liquor issue is to be for liquor. Of all the organizations in this world the home is one of the most important. The liquor business is against the security and hapiness of the home and should be voted out. Be with us at Marlow Friday night when we present "Poor As Church Mice." See the truth of the above statements.

Grand Jury Returns 8 Indictments Here

The Grand Jury adjourned Wednesday afternoon and returned 8 indictments as follows:

Two cases of burglary and one case of car theft against C. L. Gatlin of Itasca and two cases of burglary and one case of car theft against Dormon Barber of Itasca.

They broke into the Schiller Service Station and also stole a car from the John Muse Motor Company on Jan. 19. They were arrested in Itasca on Jan. 21. They are now in the Hillsboro Jail, and will be returned to Cameron for trial on Friday morning in District Court begore Judge Graham Gillis.

Houston Ochs, Taylor was indicted for setting fire to pastures over Milam county.

Tootsie Benson, negro gambler, was indicted, but given a slap on the wrist. The jury found him guilty of a misdemeanor and was fined $100 in Justice Court. The negro is still in jail.

Mr. and Mrs. John Matyastik and daughters of Clarkson community and Paul Matyastik of Cameron were guests of Mr. and Mrs. Henry Boedeker of Taylor on last Friday.

American soldiers and sailors may have been surprised by the Japs but we are willing to wager that they have surprised their enemies.

Valuations Are Basis Of Bond Quota; Local Amount is $227,500

Quotas fixed on the basis of valuations in each of the school districts of Milam County to reach the war bonds quota asked of Milam County, was recommended today by Oxsheer Smith, chairman of the quota committee named under the Council of Home Defense.

The report which fixes the Cameron quota at $227,500 was transmited to Emory B. Camp, Chairman and will be taken before the coming meeting of the Defense Council.

The committee, composed of bankers and business men over the county worked for 2 weeks on the report. The complete quota list will be published tomorrow.

Mrs. Roy C. Kossman and daughter, Joe Ann, have returned to South Dakota after spending three months with her sister, Mrs. John Matyastik and her father E. S. Miller near Rogers.

War bonds in the sun of $18,710 were purchased in Milam county for the week ending February 3 it was reported by Emory B. Camp, Chairman of the Home Defense Council.

The grand total for the year thus far is $62,939. At the rate of purchase the county will fall far short of the quota set by the state committee.

S. M. Callaway of Rockdale was a Cameron business visitor Thursday.

The Political Year and WAR

Nothing could be more certain to give satisfaction in your home than to have 52 issues of The Herald mailed to your address during the momentous year of 1942.

Of course we are all gravely concerned about the war. That is as it should be.

But, this is Political Year also. Candidates have begun to announce and others are stirring along with the first Violets of spring. When the dog wood blooms in Milam county, it will be time to get out on the hustings.

Tires will be scarce. What will the poor candidate do?

There is on Priority on newspapers. You will get The Herald each week and we hope to bring it to you in its present form, full of news and complete.

The Greatest Value on Earth.
